IT Manager & Systems Administrator May 2019 – Present
Synergiecom — IT Services & Training · Jendouba, Tunisia

- Built and managed full IT infrastructure: Active Directory, DNS/DHCP, backup policies, and multi-level incident management.
- Delivered 100+ hours of instructor-led and e-learning training in Microsoft Office, IT support, and cybersecurity — with continuous learner assessments and measurable skill progression.
- Maintained zero critical downtime on enterprise systems through proactive monitoring (Zabbix, Nagios) and documented incident playbooks.

Court-Appointed Digital Forensics Expert 2020 – 2024
Tribunal de Première Instance de Jendouba · Tunisia

- Executed 7 official forensic investigation missions: system analysis, digital traceability, and legally binding technical expert reports.
- Worked at the intersection of law and technology, producing evidence-grade documentation accepted by judicial authorities.

Project Coordinator Sep 2019 – Present
IC Startup / Association Femme Rurale · Béja & Jendouba, Tunisia (USAID-Funded)

- Managed end-to-end project operations in compliance with USAID reporting standards: timelines, budgets, field data integration.
- Coordinated multi-stakeholder meetings and produced progress and performance reports.
